Apple Writer WPL Manual: Erratum

===

There is an error on page 110 of the manual for Apple Writer DOS 3.3 disk that runs on the Apple IIe only.

The instructions on running AUTOLETTER2 include the line

DO AUTOLETTER2,D1

but the appropriate file on the Apple Writer disk is named

WPL.AUTOLETTER2.

Revise the line in the program to read:

DO WPL.AUTOLETTER2,D1 (or the number of the appropriate disk drive)

The Apple Writer ProDOS disk doesn't have an AUTOLETTER2 program. Change the program or rename AUTOLETTER1 as appropriate
