Word Juggler: Printer Filters

Below are many of the common printers that are available on the market and the printer filters supplied with the Word Juggler software that support the various features of those printers. Some filters are designed with the specific printers in mind, while other filters are matched to the printer taking into consideration the features of the device.

Press the right-arrow key as many times as necessary to select the filter that you desire.

All USER filters can be accessed from the Word Juggler UTILITIES menu. To select a USER filter, follow along below:

1. Proceed to the TEXT ENTRY MODE by pressing RETURN from the Word Juggler MAIN MENU.
2. With the Word Juggler (REMOVE THE WRITE PROTECT TAB) installed in the disk drive press CLOSED APPLE and "1".
3. From the UTILITIES menu select option "5" INSTALL USER PRINTER FILTER.
4. Select from the menu the USER filter that matches your printer from the list above and press RETURN. The filter will be automatically copied to your Word

Juggler disk.

5. Press "0" to exit to the Word Juggler TEXT ENTRY MODE.
